Career Objective

Seeking a challenging position that will provide opportunities for career growth, advancement, and where I can make meaningful contributions to the company's success.

Educational Qualifications

Degree and Year of passing	Institute / University	Board	Marks / CGPA attained
B. Tech (CSE) 2024-28	Gandhi Institute of Engineering and Technology University, Gunupur	GIET University, Odisha-	7.2
+2 Science in 2024	Gyana Vikash Higher Secondry School, Berhampur	CHSE	62
10 th in 2022	SSVM Nilakantha Nagar, Berhampur	BSE	82

Training / Certification

- Mern full stack internship by Eduskill
- Java Full Stack by GIET UNIVERSITY
- Android Developer virtual internship by EduSkill
- Data Analysis And Decision Makin by NPTEL

Achievements and Extracurricular activities

- Awarded 1st Prize in debates and 2nd Prize in Essay in intermediate Fest 2023.
- Participated and was awarded school-level science and technical activities.
- Awarded as the Best Student during my Matriculation.
-

Technical Skills

- Python
- Data Analytics
- Data Structures
- Basics of ML

Soft Skills

- Communication
- Leadership
- Time Management
- Teamwork
- Problem Solving
- Adaptibility

Internship Programs

Successfully completed a summer internship with Remark Skill Education on Data Science using Python.

Internship Project Details

Java Full Stack development at GIET University	Developed a full-stack web application for conducting online quizzes. Implemented secure user authentication, quiz management, score calculation, and result tracking using Java, Spring Boot, React.js, MySQL, and REST APIs.
AI & ML Intern At PreppRight	Developed a machine learning model to predict student academic performance using historical data. Performed data preprocessing, feature selection, model training, and evaluation with Python, Pandas, Scikit-learn, and Matplotlib.

Project Details

Name of the Project	Student performance prediction using robust regression techniques .
Language used	Python using Tensorflow Library
Description	Developed a machine learning model to predict student academic performance using robust regression techniques. The first step involved collecting and preprocessing student data by handling missing values, removing outliers, and selecting relevant features. The processed data was then used to train and evaluate regression models for accurate performance prediction. The project focused on improving prediction accuracy and providing insights to support educational decision-making.

Personal Details

Date of Birth	11/03/2007
Gender	Male
Father's Name	Mr. Padma charan pradhan
Address	Balipadar, Buguda ,Ganjam, Odisha.
Alternate phone number	9937654019
Language Known	English, Hindi, Odia
Interests & Hobbies	Reading Books, Drawing, playing cricket

Place: Gunupur, Odisha
